

The Tuesday Night Rides are moving!! Starting on September 16<sup>th</sup>, all rides will start from the Greenville Spinners Bicycle Club's new SCTAC parking area:

Did you know? There is no public property at SCTAC... For many years, we cyclists have been trespassing by parking at SCTAC. The property holders have expressed concern about this trespassing and their own liability. So, in an effort to be respectful neighbors and good members of the community, the Spinners board of directors has been working with SCTAC on a solution. The result: we have arranged to lease a parking area. This new parking area is on Perimeter Road across from the military reserve center. There is some paved parking and some grass parking.

The Spinners are paying rent for this property, and we request that everyone who parks there be a Spinners club member. This will help cover the rent and will reduce liability. The porta-johns will be moved to our new property, and a sign will be posted designating the area as belonging to the Greenville Spinners.

Please join us at our new location on Tuesday, September 16<sup>th</sup>.
